EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Miller on 3/14/05.

The application has been amended as follows:

IN THE CLAIMS:

In claim 1, line 3, before "substrate", insert, "single layer",

In claim 9, line 3, before "substrate", insert, "single layer",

In claim 19, line 5, before, "substrate", replace "template" with "single layer".

In claim 29, at the beginning of line 4, before, "grooves having", insert "(ii)".

The following is an examiner's statement of reasons for allowance: Applicant's arguments filed on 12/22/04 are persuasive as to the point that none of the cited prior art teaches the process including the step of depositing a layer of material onto a single layer substrate having corrugated upper surface in order to form a combined substrate and layer structure having an upper surface profile comprising an adjacent series of structures having a substantially hemi-cylindrical contour.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shamim Ahmed whose telephone number is (571) 272-1457. The examiner can normally be reached on M-Thu (7:00-5:30) Every Friday Off.
